Version No.: 2024.1

# GH

High-performance Laser Cutting Machine

www.hsglaser.com

# Company Culture

### 

Intelligent manufacturing changes future

### 🕞 VALUES

Customer-focused and employee-based

### **VISION**

Become a respectable enterprise in the global metal forming equipment field

# Company Profile

**13** Global Branches

$\bigcirc$	

**100+** Countries Covered

**4** Manufacturing Bases

 $\nabla$ 

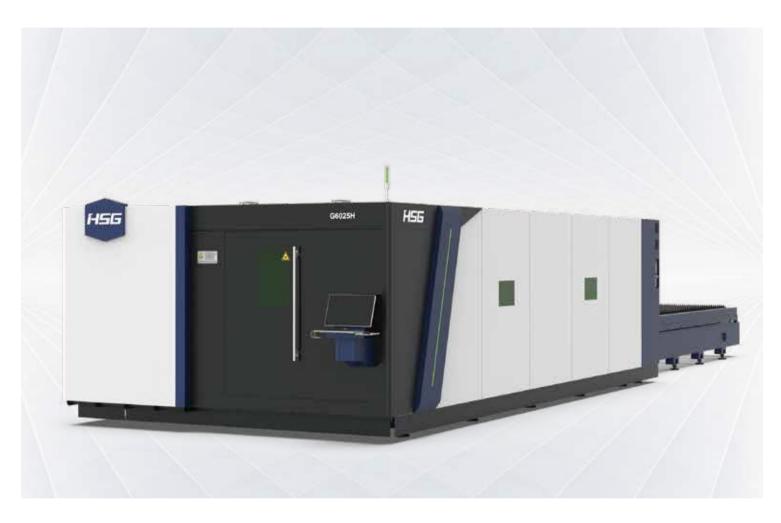

**8,000+** Delivery Capability

### High-performance Laser Cutting Machine

# Technical Parameters

Technical Parameters	G3015H	G4020H	G6025H	G8025H	G12025H
Power	3000W-30000W	3000W-30000W	6000W-30000W	12000W-30000W	12000W-30000W
Processing format (L*W)	3048mm*1524mm	4064mm*2032mm	6096mm*2540mm	8150mm*2540mm	12500mm*2540mm
X/Y-axis positioning accuracy	±0.03mm/m	±0.03mm/m	±0.03mm/m	±0.03mm/m	±0.03mm/m
X/Y-axis repositioning accuracy	±0.02mm	±0.03mm	±0.03mm	±0.03mm	±0.03mm
Max. Linkage Speed	200m/min	200m/min	200m/min	200m/min	200m/min
Max. Linkage Acceleration	4G	2.8G	2.8G	2.8G	2.8G

\* Machine appearance, technical parameters, function description, data comparison shown in this page are from HSG in-house laboratory. All testing results and experimental data shall be subject to real machine.

### **Bus Control System**

- Upgraded version of bus control system has strong and diverse functions, which makes users enjoy green and intelligent control system through simple operations.
- Intelligent path optimization with brand-new algorithm.
- Smart vibration control.
- Torque protection of dual drives.
- DA correction of air pressure.

#### Brand-new Aluminum Beam

• The new fifth-generation 6-series aluminum beam has 20% less weight and 15% more torsional resistance than the previous generation. Lightweight design beams play a high dynamic performance of the equipment to improve processing efficiency.

### **Bus-based Laser Cutting Heads**

- HSG developed and launched multiple high-power bus cutting heads ranging from 10kW to 40kW to achieve stable cutting of thick sheets.
- Optical filming to prevent lens pollution
- Real-time monitoring of laser focus
- Bus-based height adjusting system

### Heat Protection Without Heat Damage Fear

• Material waste device is made of high-density burn prohibition plates for further improving heat protection of the machine bed.

### **High-precision Transmission System**

• Selected professional speed reducers, high-precision racks, guide rails and other accessories construct entire high-accuracy transmission system to ensure stable operations in long time.

# Upgraded Matrix Machine Bed with Level-up Rigidity

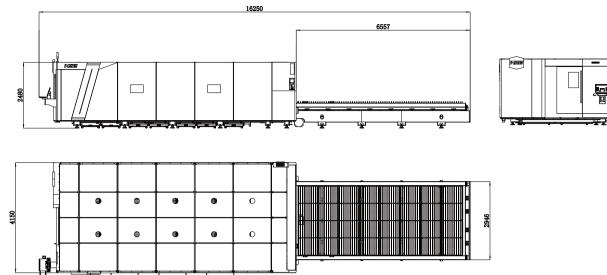

• Brand-new matrix machine and welding design of the cross-section improve the rigidity of entire machine bed structure significantly and decrease the negative influence on machine bed.

#### Machine Foundation

2480

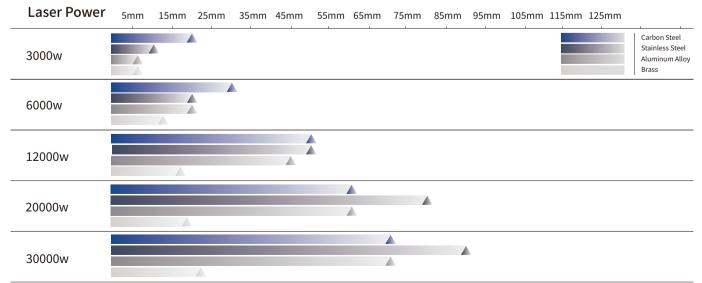

" | he marked size has about 10mr "Model : G6025H

#### **:::** Cutting Samples

### Cutting Capacity

### **Intelligent Manufacturing Changes Future**

### As a global enterprise, HSG sticks to providing professional and convenient service support to customers at home and board

### **Professional Training**

Multiple technical training service and free operation training for customers and dealers in time

### **Efficient Support**

Humanistic service model, online services and 7\*24 hotline to offer solutions and assistance

### **Optimized Transport**

Multi-channel transport solutions and professional transport solution team will provide various transport cases for to satisfy the demand of customers and save transports fees

#### **Sufficient Accessories**

Highly efficient accessories delivery service, multiple network inventory jointly responds to accessories demand to shorten customer's waiting times and accelerate production

#### **Careful Services**

Domestic door-to-door service and free proofing, global 100+dealers provide efficient and convenient services

### Intelligent Manufacturing Changes Future
